NEED/ IMPACT: The current agreement for refuse, yard waste and recyclables collection with Waste Management expires in December, 2015. This item proposes to extend the term of the Agreement for an additional five (5) year term beginning January 1, 2016 and ending December 31, 2020, unless otherwise extended. Either party may still terminate its obligations under this agreement at the close of each calendar year during the term subject to written notice to the other party at least sixty (60) days prior to the end of the calendar year.

The current agreement provides for an increase in compensation for services annually. This increase shall be based upon the Consumer Price Index for Urban Wage Earners and Clerical Workers for the preceding year. Waste Management has agreed to forgo any fee adjustments for the remaining term of the contract upon acceptance of the attached contract extension. Thereafter, a price adjustment will be applied annually beginning with the term of the new extension, January 1, 2016.
