INFORMATION CONTACT: Keith Barker
PHONE NUMBER: 404-296-6489

PURPOSE:

The City will need to obtain the necessary temporary construction easement to complete the project.

NEED/ IMPACT:

The City of Clarkston is in the final stages of contractor selection for construction of new sidewalks on Montreal Rd from the North Indian Creek/Montreal Rd intersection to East Ponce de Leon Ave. The improvements will require a temporary construction easement from the owners of this address in order to complete the project.

The City has a meeting with the owners and it is assumed that the easement agreement will be signed. As such, it is in the best interest of the City to officially approve the temporary construction easement in advance so that the document may be authorized and executed upon receipt back from the property owners.

RECOMMENDATIONS:

Approve and accept the attached Temporary Construction Easement for the Phase 1 Sidewalk Improvement Project.
