PURPOSE: To approve the attached Resolution of Censure Regarding Councilman Warren Hadlock.

NEED/ IMPACT: The City of Clarkston City Charter 3.02(e) clearly requires City elected officials to refrain from directly participating in or interfering with the administration of City business. Councilman Hadlock has a history of interfering with the administration of City business and specifically a history of interfering with contractors hired by the City to perform public works projects. On March 8, 2012, Councilman Hadlock signed a document agreeing to not involve himself in the day to day business of the City and acknowledged that failure to abide by this commitment would result in a "resolution of censure" against him. On April 29, 2013, Councilman Hadlock did appear at the work site for the City Hall Annex project and, contrary to the decision of the City administration as informed by the City's architect and project manager, instructed a painting contractor not to paint the door of the Annex. Councilman's Hadlock's behavior on April 29, 2013, constitutes interference with City business, and is contrary to the interests of the City of Clarkston.
