

Wildflower at Brocket Triangle

\$976.45

1. Plant native colorful wildflowers at Brocket Triangle.
2. Would include multiple short height flowers.
3. Incorporates a three-foot gravel filled path for pedestrian crossing to the bus stop.
4. Would be an excellent place to have 3 or 4 of the proposed benches for people to enjoy the flowers or to wait on buses.
5. Would provide for concrete edging along the access path.
